

# Sergio Nicolás Galindo Cante

Software Developer | Desarrollador Web

Bogotá, Colombia | [sergionicolasgalindocante@gmail.com](mailto:sergionicolasgalindocante@gmail.com) | LinkedIn: [DevNicolasCante](#)

Durante mi trayectoria como desarrollador y creador digital, eh tenido la oportunidad de colaborar en proyectos con importantes empresas en Colombia como Colpatría, AXA Colpatría y Suramericana.

En mi experiencia, he trabajado junto con los clientes y cumplí con las expectativas en el desarrollo de los proyectos. Con una trayectoria de 1 año y 8 meses en el ámbito de sistemas, llevo a cabo proyectos en Back-End y Front-End a nivel profesional. Con habilidades en entornos cooperativos con un excelente trabajo en equipo y comunicación. Aplico conocimientos en implementación de pruebas automatizadas y patrones de diseño (MVC). Utilizo tecnologías como: **Java, Springboot, Python, Liferay, JavaScript, React, CSS, HTML, Bootstrap, Git, SQL, Adobe, Figma.**

---

During my career as a developer and digital creator, I have had the opportunity to collaborate on projects with major companies in Colombia such as Colpatría, AXA Colpatría and Suramericana.

In my experience, I have worked together with clients and met the expectations in the development of projects. With a trajectory of 1 year and 8 months in the field of systems, I carry out projects in Back-End and Front-End at a professional level. With skills in cooperative environments with excellent teamwork and communication. I apply knowledge in implementation of automated testing and design patterns (MVC). I use technologies such as: Java, Springboot, Python, Liferay, JavaScript, React, CSS, HTML, Bootstrap, Git, SQL, Adobe, Figma.

## Professional Experience

### **VASS Company, Bogotá, Colombia**

*Liferay Developer*

May 2023 - Oct 2023

- Collaborated in creating ADTs and Templates in Liferay CMS 7.4 for EPS SURA. Contributed to user stories and project management.
